

Power-Vent MODEL BTV-100

The A.O. Smith power-vent commercial gas water heater (BTV-100) is an excellent product option because of its installation flexibility. It permits horizontal "sidewall venting," with vent runs of up to 100 equivalent feet, using economical Type-B vent pipe.

REMOTE POWER-VENT KIT INCLUDED

- For safe, reliable operation, 24/120V power relay, adjustable post-purge timer and draft proven switch prevent gas valve from opening unless draft has been proven to the outside
- Factory pre-wired, with 40-foot cable for easy installation
- Uses low-cost Type-B vent pipe for economical installation

ADVANCED INTELLI-VENT™ GAS CONTROL

- Equipped with silicon nitride igniter for superior reliability
- Fully automatic, integrated control module and gas valve ensures safe, efficient operation
- Monitors all critical water heater functions, including water temperature (up to 180°F, 82.2°C), hot surface igniter, gas valve, flame sensing, energy cut-out and power-venter operation
- Easy-to-understand LED diagnostics for fast system troubleshooting and service

COREGARD™ ANODE ROD

- An A.O. Smith exclusive, with stainless steel core to provide glass-lined steel tank with longer-lasting protection against corrosion

HEAVY-DUTY CAST-IRON BURNER

HANDHOLE CLEANOUT

- For easy cleanout of sediment from tank bottom

FACTORY-INSTALLED TEMPERATURE & PRESSURE RELIEF VALVE

MAXIMUM HYDROSTATIC WORKING PRESSURE 160 PSI

ELECTRICAL CHARACTERISTICS

- 120/60 Volts/Hz
- <5 Amperes

CODES AND STANDARDS

- Complies with ANSI Z21.10.3
- Design-certified by CGA under CAN1-4.3
- Meets recovery efficiency requirements of ASHRAE/IESNA 90.1-1999 and provincial energy codes
- CUL certified, certified for use on combustible flooring and alcove installation

WARRANTY

- Three-year limited tank warranty
- For complete information, consult written warranty shipped with water heater, or contact A.O. Smith Water Heaters
